Proteins in School Meals

Protein gets a lot of attention these days. In school meals, we categorize protein-rich foods as "meat and meat alternatives." These include lean meats such as poultry and beef, beans/legumes and cheese. By offering a variety of options on our menus, we accommodate a range of dietary preferences and needs.

These foods are rich sources of protein, essential for building and repairing tissues, supporting immune function, and maintaining overall health. Additionally, they provide vital nutrients such as iron, zinc and B vitamins, which are crucial for cognitive function, energy metabolism and overall well-being.

Skim & 1% milk served daily.

All bread /bread products /chips /tortillas /pastas listed in the menu are whole grain products.

This menu is 100% pork-free.

All rice dishes /rice products are made of whole grain brown rice.
